Links to: <http://www.gethealthyagain.com/respiratorysupport.html> · <http://www.health-reports.com/pneumonia.shtml> · <http://www.gethealthyagain.biz/respiratory-support-1/>

Context: page describes Respiratory Support (molecular silver + nebulizer use, bronchitis, pneumonia). Directly read and verified 2026-09-26. Note: find-your-support.com is a low-quality SEO aggregator; at least six sibling pages carry the same GHA links (r-support/respiratory-support-silver.html, m-support/molecular-silver-respiratory-support.html, r-support/respiratory-support-423-pnu.html, r-support/respiratory-support-for-pneumonia.html, r-support/respiratory-support-products.html, b-support/buy-respiratory-support.html).

3. Inspire — "Anyone familiar with this report and supplements??" (Osteoporosis group, July 2012)

URL: <https://www.inspire.com/groups/national-osteoporosis-foundation/discussion/anyone-familiar-with-this-report-and-supplements/>

Links to: <http://www.gethealthyagain.com/boneboosters.html> (posted by commenter "Lela52," July 3, 2012)

Context: commenter quotes health-reports.com's osteoporosis report and GHA's phone number (1-800-832-9755); discussion is largely skeptical of GHA. Directly read and verified 2026-09-26.

4. candida-yeast-infection-relief.com — "Candida Yeast Infection Symptoms & Causes" (/report.shtml)

URL: <https://candida-yeast-infection-relief.com/report.shtml>

Links to: www.gethealthyagain.biz (anchor text "GetHealthyAgain.com")

Context: candida article page linking back to the GHA store. Directly read and verified 2026-09-26. NOTE: this domain's homepage is authored by Robert Harrison and markets GHA/CandElim products — likely GHA-affiliated; ownership to confirm, may move to Part 1.

Part 3 — External pages that mention "Get Healthy Again" but do NOT link to a GHA property

1. Naturally Recovering Autism — "Candida Cleansing Products" (December 9, 2016)

URL: <https://naturallyrecoveringautism.com/2016/12/09/candida-cleansing-products/>

Content: "The company that makes and carries the products I suggest is called Get Healthy Again... Robert Harrison is the founder and owner of the company Get Healthy Again." The visible "Get Healthy Again" link routes to a local NaturallyRecoveringAutism.com/elixir page, not a GHA domain. Directly read 2026-09-26.

2. Inspire — "Robert Harrison of Get Healthy Again" (Osteoporosis group, March 28, 2014; 6 replies)

URL: <https://www.inspire.com/groups/bone-health-and-osteoporosis/discussion/robert-harrison-of-get-healthy-again/>

Content: OP asks "has anyone tried the herbal products of Robert Harrison of Alaska? He has a great web site..." Replies mix skepticism ("Sounds too good to be true? It probably is...") and support from a long-time customer. No GHA hyperlink visible. Directly read 2026-09-26.

3. Inspire — "Natural Treatment for Osteoporosis by GetHealthyAgain" (November 9, 2011)

URL: <https://www.inspire.com/groups/bone-health-and-osteoporosis/discussion/natural-treatment-for-osteoporosis-by-gethealthyagain/>

Content: brand in thread title; poster declines the products as too expensive ("I see no need to line the pockets of these other websites that offer fancy elixirs"). No GHA hyperlink visible. Directly read 2026-09-26.

4. Inspire — "Have any with pancreatic cancer used integrative or herbal treatments?" (September 2019)

URL: <https://www.inspire.com/groups/pancreatic-cancer-connections/discussion/have-any-with-pancreatic-cancer-used-integrative-or-herbal-treatments/>

5. livepeaceintobeing.org — Health Cell page 2, "Get Healthy Again"

URL: <http://www.livepeaceintobeing.org/HealthCellPg2GetHealthyAgain.html>

Content: long reproduction of GHA energetic-testing material; plain-text "www.GetHealthyAgain.com" appears but page extraction shows no marked hyperlink. Includes Robert Harrison's name, contact information, and product descriptions. Directly read 2026-09-26.

6. SelfGrowth — "Understanding Candida Yeast Infections" (article by Robert Harrison)

URL: https://selfgrowth.com/articles/Understanding_Candida_Yeast_Infections.html

Content: full reprint of Harrison's candida article (spit test, leaky gut, etc.); author bio reads "I began work on the Get Healthy Again.com website in 2000 and started selling products online a year later." No hyperlink to GHA observed in page extraction. Directly read 2026-09-26. Author profile (same bio): <https://www.selfgrowth.com/experts/robert-harrison>

7. cancerfightingstrategies.com — Testimonies (updated April 29, 2025)

URL: <https://www.cancerfightingstrategies.com/testimonies.html>

Content: two reader testimonies naming the brand — one customer writes "I started advertising Get Healthy Again on their page and got labelled as a spammer and my Facebook account was shut down...", another thanks "you and Get Healthy Again." Directly read 2026-09-26. NOTE: this site sells the same proprietary elixir line (BLA, PrugX, MetOH, Zeolite/DHQ) — likely GHA-affiliated; ownership to confirm.

8. Scribd — "Understanding Candida Yeast Infections" (credited to Robert Harrison, June 7, 2012)

URL: <https://www.scribd.com/document/124655792/All-About-Candida-EliminatiAll-About-Candida-Eliminating-Candidang-Candida-pdf>

Content: long document reproducing GHA candida content; extracted copy shows generic [Link] placeholders — link targets not resolvable. Directly read 2026-09-26.

9. Facebook — "Get Healthy Again" page (Health Food Store, Homer, Alaska; ~313 likes / 320 followers)

URL: <https://www.facebook.com/Get-Healthy-Again-307071905324/>

Search-snippet level only (page not directly readable without login).

10. BBB business profiles — Get Healthy Again listings on bbb.org

Directory listings for the business; whether they hyperlink the GHA site was not directly verified.

Part 4 — Newly discovered likely-GHA properties (ownership to confirm)

- candida-yeast-infection-relief.com — homepage authored by Robert Harrison, markets GHA/CandElim products
- ghanaturals.com — "GHA Naturals — A Get Healthy Again Store"
- cancerfightingstrategies.com — sells the same proprietary elixir product line
- breakthroughhealthproducts.com — "Respiratory Support Stops Pneumonia and Bronchitis Fast" page uses GHA product copy (<http://www.breakthroughhealthproducts.com/pneumonia.html>)
- cancer-prevention.net
- ghastore.com / gethealthyagainstore.com
- king-cart.com legacy storefront: <https://www.king-cart.com/cgi-bin/cart.cgi?store=gethealthyagain>
- Affiliate/aggregator pages linking to GHA: find-your-support.com, worldhealthmall.com, a2zhealthproducts.com

Part 5 — Dead, unverifiable, or excluded pages

- [gethealthyagainreviews.com](#) — referenced by [complaintinfo](#), but the domain does not resolve (checked 2026-09-26)
- [whatnext.com](#) question "Has Anyone Ever Used the Get Healthy Again supplements and elixirs" — URL now returns 404 (referenced by [complaintinfo](#))
- [knowcandida.com](#) — HTTP 500 on open; not retried per policy
- [wehlaw.com](#) / [libertybuilding.com](#) "Gethealthyagain.com Customer Reviews" PDFs — SEO-spam keyword salad ("gafri", "ebola", "fibromyalgia"); excluded as low-quality spam
- Authorize.Net merchant-seal page for www.gethealthyagain.com — payment-verification endpoint, not editorial content; excluded
- [desertcart.com.cy](#) and [pricecheck.co.za](#) CandElim product listings — snippet-level only, no verified GHA brand link; pending verification

Part 6 — Method & verification notes

- Searched quoted variants of all six known GHA domains (gethealthyagain.com, candidayeastinfection.com, candelim.com, winyourbattleagainstcandida.com, gethealthyagain.biz, health-reports.com) plus brand/product terms (CandElim, Respiratory Support, Robert Harrison, "Get Healthy Again") across web search, forums (Inspire), directories, and social.
- Every "directly read" page above was opened and verified on 2026-09-26; link targets were confirmed from the page text. "Search-snippet only" items are marked as such.
- Low-quality spam/link farms were excluded; the find-your-support family is a borderline SEO aggregator but is included because it verifiably links to GHA properties (flagged as low-quality).
- Owned-site inventory: winyourbattleagainstcandida.com is complete (39 posts via WordPress API). Inventories for gethealthyagain.com, gethealthyagain.biz, health-reports.com, candidayeastinfection.com, and candelim.com are in progress and will be added to Part 1.
